ACTION ON ARTICLES OF TOWN MEETING

1982

ARTICLE 3. To raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

The budget was explained by Andrew Schulte, Chairman of the Budget Committee for a total of \$517,684.00. **PASSED**

ARTICLE 4. To authorize Selectmen to incur temporary loans for the year 1982-1983. **PASSED**

ARTICLE 5. To authorize Selectmen to apply, accept and expend money from the state, federal governmental unit or private source as provided by RSA 31:95-b. **PASSED**

ARTICLE 6. To authorize withdrawal of \$5,000.00 from Revenue Sharing Fund for use as a set-off against budgeted appropriations for the Police Department. **PASSED**

ARTICLE 7. To reaffirm the vote to authorize the Selectmen to enter into a Contract with the City of Portsmouth for Solid Waste Disposal. **PASSED**

ARTICLE 8. To authorize the Selectmen to transfer tax liens and convey property by Tax Collector's deed by public auction according to RSA 80-42. **PASSED**

ARTICLE 9. To authorize the Selectmen to issue notes for \$60,000.00 for the fire engine. **PASSED**

ARTICLE 10. To authorize the discontinuance of the Fire Engine Capital Reserve Fund and to use funds towards the purchase of the Fire Engine. **PASSED**

SELECTMEN'S ANNUAL LETTER

During the past year the Selectmen have been busy working on projects that we feel need updating and implementation. The Town Ordinances for parking, beach regulations, and Great Island Common rules are being reviewed and will be updated for inclusion in next year's warrant for approval by the Town. We are in the process of putting together a personnel policy for town employees, we feel this is a necessary tool for both the town and its employees.

This year we are asking for \$20,000.00 for a complete revaluation of the Town. Our equalized assessed valuation has now fallen to 38% of 1972 rates. Last year the County Tax bill was estimated at \$60,000.00, the actual bill was \$82,000.00, this was due to our low equalization factor. The Selectmen feel that we must bring all properties up to full value at this time.

We want to thank all Departments for holding the line on spending last year while we were uncertain as to the income we were going to receive from the State, and did not want to overspend the budget.

Another item in the budget is the renovation of the caretaker's cottage at the Common. We have found that not having someone living on the Common has increased the vandalism and litter substantially. The only way to control this is to have someone watching the area on a full time basis. The worst problems are drinking and throwing bottles over the areas where people walk and picnic. There have been people driving and spinning their car wheels on the grass. We have a beautiful park and feel it should be kept that way.

A problem that always comes to a head during the summer is loose dogs. The Selectmen have received written complaints of dogs on the beach, Common, and attacking other dogs that were being walked by their owners, on a leash. The town has passed a Dog Ordinance and there is a State law on animal control. Edmond Souriolle has been appointed Animal Control Officer, and been told to enforce the ordinances. All members of the Police Department are also animal control officers. We hope this will eliminate the problem we had last summer. We feel two areas of animal control are important: 1. NO DOGS ON THE BEACH AT ALL. 2. ALL DOGS MUST BE ON A LEASH.

As in the past we want to thank all of the individual committees and their members for their service to the Town. These groups put in a lot of unpaid hours of service for the Town.

The next time you come into the Town Office please take the time to see the beautiful table in the Selectmen's Office and the table holding the coping machine. These tables were crafted and donated by Douglas Woodward. We are proud of our town officers and these tables are an appreciated addition.

The Selectmen also wish to encourage any interested citizens, willing to serve on Committees and Boards to please let us know, we have vacancies that need to be filled.

Your Selectmen,
Peter Gamester, Chairman
Albert D'Antonio
John McCarthy

TOWN OF NEW CASTLE ELECTED OFFICIALS AND SALARIES

Position	Annual Salary
Selectment, Chairman	\$1400
Selectmen (2)	1300

R. R. Bergeron
Certified Public Accountant

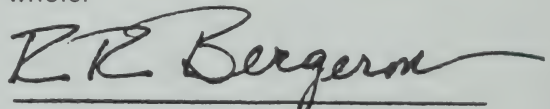

Board of Selectmen
Town of New Castle
New Castle, New Hampshire 03854

I have examined the combined and individual financial statements and account groups of the Town of New Castle, New Hampshire as of and for the year ended June 30, 1982 as listed in the table of contents. My examination was made in accordance with generally accepted auditing standards and, accordingly, included tests of the auditing procedures as I considered necessary in the circumstances.

As described fully in Note 4, the financial statements referred to above do not include financial statements of the enterprise funds and general fixed assets, which should be included to conform with generally accepted accounting principles.

In my opinion, except that the omission of the financial statements described above results in an incomplete presentation, as explained in the preceding paragraph, the financial statements referred to above present fairly the financial position of the Town of New Castle, New Hampshire at June 30, 1982 and the results of its operations and the changes in financial position of its proprietary funds for the year then ended, in the conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The supplementary data included in the schedules are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. The supplementary data have been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in my opinion are fairly stated only when considered in conjunction with the financial statements taken as a whole.

R. R. BERGERON, CPA

The Financial Statements Referred to in the Above CPA Opinion are Available for Inspection in the Town Office.

R. R. Bergeron
Certified Public Accountant

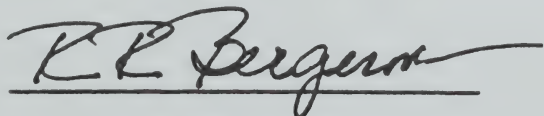

Board of Selectmen
Town of New Castle
New Castle, New Hampshire 03854

I have examined the balance sheet of the Enterprise Funds of the Town of New Castle, New Hampshire as of June 30, 1982 and the related statements of income and expense and retained earnings, and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

The Town of New Castle, New Hampshire has not recorded the cost of sewer and water system mains and, accordingly, the balance sheet does not reflect the capitalization of those assets as required by generally accepted accounting principles. (See Note 2 to these financial statements.) The cost of the sewer and water lines enter materially into the determination of financial position as of June 30, 1982 and results of operations for the year then ended.

The monetary effect was not reasonably determinable as of June 30, 1982.

In my opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in the conformity with generally accepted accounting principles, the financial position of the Enterprise Funds of the Town of New Castle, New Hampshire as of June 30, 1982, or the results of operations and changes in financial position of such funds for the year then ended.

A handwritten signature in dark ink, reading "R. R. Bergeron", written over a horizontal line.

R. R. BERGERON, CPA

NEW CASTLE PUBLIC LIBRARY TRUSTEES' REPORT

During the year 1982-83, the New Castle Library has performed an increasingly important role in the community life of the town.

Through a concerted effort on the part of the library personnel, programs meeting a wide variety of interests were offered the public. In April of 1982, the library held a "Young Authors' Reception" where each student of the Maude Trefethen School presented to the library the book each had written. In May, the Church Guild met at the library where the librarian spoke on "The Library - It's more than Just Books". In July and August the Children's Reading Lottery was held. October brought Mrs. Donna Titus of Manchester, N.H. Mrs. Titus gave an impersonation of Celia Thaxter and told something of her writings. In November, The Friends of the Library had a pot-luck luncheon after which a display of old New Castle photographs from the archives of the town were enjoyed. The children from the New Castle Day Care Center and Nursery School trimmed the library Christmas tree; a Christmas tea was given and the drawing for a knitted vest took place. Mrs. Bonnie McGee conducted a Leadership Training Course at the library and the Library with the Recreation Commission held a joint program at which old movies were shown. In February, Mrs. Sylvia Marple spoke on the subject of Nutrition at a meeting of "The Friends". March brings a sale of Used Books, baked goods, plants and crafts put on by "The Friends". This is intended as a fundraiser for the library. April brings to the Library Mr. James Murphy, author of several books, the most recent of which is *THEY WERE DREAMERS*.

Old radio show tapes and jigsaw puzzles on loan are areas of expanded services to the community.

It should be mentioned that the reorganization of The Friends of the Library with their great enthusiasm bodes well for the coming year. This adjunct to the library is under the able leadership of co-chairmen Pamela Cullen and Anita Lomas.

The librarians maintain an earnest commitment to keep the book collection up-to-date.

Painting and some repairs to the exterior of the library building were done this past summer by Mr. Douglas Woodward and his grandson, Mr. Thomas Woodward.

The library trustees and librarians wish to extend their gratitude to the many generous townfolk who share with the library their diverse resources for the pleasure of all. It is hoped that everyone visits the library and watches for the announcements of coming events through posters and news items so as not to miss any of the exciting happenings scheduled for the coming year. BE CAREFUL OR WE'LL MAKE A LIBRARY LOVER OUT OF YOU!!

Signed,
Helen St. John
Nancy Boote
Martha Tucker

Trustees

TOWN WARRANT
1983
THE STATE OF NEW HAMPSHIRE

ROCKINGHAM, SS.

NEW CASTLE

To the Inhabitants of the Town of New Castle, in the county of Rockingham and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Recreation Building in the Great Island Common in said New Castle, on Tuesday, the tenth of May, 1983 at ten o' clock in the forenoon, to act upon the following subjects:

ARTICLE I. To choose all necessary Town Officers for the ensuing year. The polls for the election of Town Officers and Ballot Articles will open at ten o' clock in the forenoon and shall not be closed before six o' clock in the afternoon.

ARTICLE II. To hear the reports of agents, officers, committees, Boards and other heretofore chosen and to pass any vote in relation thereto.

ARTICLE III. To raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

ARTICLE IV. To see if the Town will vote to authorize the Selectmen to incur temporary loans in anticipation of taxes for the year 1982-1983 upon credit of the Town, and to issue its notes therefore in accordance with Municipal Finance Act.

ARTICLE V. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept, and expend, without further action by the Town Meeting, money from the state, federal or other governmental unit or private source which becomes available during the fiscal year as provided by RSA 31:95-b.

ARTICLE VI. To see if the Town will authorize the withdrawal of Five Thousand (\$5,000.00) Dollars from the Revenue Sharing Fund established under the State and Local Assistance Act of 1972 for use as a set-off against budgeted appropriations for the Police Department.

ARTICLE VII. RSA 80-42 Sale of Tax Liens/Tax Deeded Properties. To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the Selectmen as justice may require.

ARTICLE VIII. To see if the Town will authorize the Town Clerk to return to an annual salary plus fee system of compensation.

ARTICLE IX. On the petition of Roberta M. Fay and sixty-four (64) other legal voters:

"Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers; for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or if married, a combined net income of less than \$12,000 and own net assets of \$30,000 or less, excluding the value of the person's residence."

ARTICLE X. On the petition of Raymond C. Burzynski and fourteen (14) other legal voters:

To see if the town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of New Castle and to the health and welfare of the people of New Castle. These actions shall include:

1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.

2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation and the President of the United States.

ARTICLE XI. To transact such business as may legally come before this meeting.

GIVEN under our hands and seals this _____ day of April, in the year of our Lord, Nineteen Hundred and Eighty-Three,

New Castle, New Hampshire.

We hereby certify that we gave notice to the inhabitants within named to meet at the time and place and for the purpose within mentioned, by posting an attested copy of the within Warrant at the place of meeting within named, and a like attested copy at the Post Office, being a public place in said Town of New Castle.

NEW CASTLE POLICE DEPARTMENT REPORT

The New Castle Police Department would like to thank the Townspeople for their cooperation in keeping our town a pleasant place to live. Due to the prompt reaction of our citizens, the New Castle Police Department has been able to respond to suspicious situations before they have a chance to develop into a more serious problem.

I would like to bring to your attention again this year the fact all residents in town have been assigned house numbers. In case of emergency our response time would be cut down if numbers were visible on the house.

Respectfully submitted,
Richard Henderson
Chief of Police

REPORT OF THE CONSERVATION COMMISSION

Commission members attended and participated in regional meetings and discussions of conservation matters including those organized and setup by:

1. Rockingham, Planning Commission
2. New Hampshire Association of Conservation Commissions
3. S.E. Planning Commission
4. Wetlands Board of New Hampshire
5. Coastal Advisory Committee

Initiated the High School Tree Memorial Program. The Class of 1982 planted a Sugar Maple and a Kolkowitza Shrub on the Common. Students Scott Whitehouse and Suzanne Markey participated.

Reviewed and took action on Wetland and Shoreland applications for the following:

1. Brooks Kennedy for filling a site to improve drainage and sanitation.
2. Lyndon and George Ricker for reinforcing existing pier structure. Work included additional cribbing and driving pile pier supports.
3. Edward N. Wright for repair and restoration of old sea-wall that was damaged by the winter storm.
4. Wentworth-By-The-Sea for dredging and filling in connection with the installation of piers for boats. This is an extensive commercial enterprise project. The New Hampshire Wetlands Board has given approval subject to six conditions.

Maintained the markings of the Nature Trail at the Common. this year nine supports and signs were vandalized or destroyed. These will be restored or replaced.

Respectfully submitted,
Raymond O. Burzynski
Chairman
Barbara Rowland
Carol Olson
Marie Tremblay
Philip Finn
Douglas Woodward

RECREATION COMMISSION REPORT

The Recreation Committee of New Castle has been involved in a number of projects over the 1981-'82 season. Various members of the committee have tried several projects such as day trips, films, etc. but have met with only limited success due to lack of participation by the community.

Communications may play a small part but a great deal of effort was put forth via posters, newspaper notices to acquaint everyone with what activity was current. These notices may be seen at the Post Office, Library and the Town Hall. It could be that there are so many activities going on that Town Recreational projects may get lost in the shuffle. We would appreciate any ideas to improve participation.

On a brighter side, due to a change in gate procedure by the Selectmen, a larger sum of money was generated at the gate. Hopefully this continued effort will not only make recreational activities less expensive to the taxpayer but more important, provide an added security to our commons.

Several projects seem to be of major concern. One is the condition of the tennis courts. It is generally agreed that the continued patching of the courts is not only expensive but an endless process due to the nature of the ground on which the courts are built. An alternative that has been proposed and supported by a group of citizens in conjunction with the Recreation Commission is to move the court location. Funding and various other aspects of this plan are now being studied and will hopefully be acted upon shortly. Again we appreciate your suggestions and help in this area.

The Nature Trail and walking areas of the common have deteriorated to a degree but this spring hopefully this will be brought back to a more acceptable condition.

The following is a list of the members of the Recreation Commission: please contact them if you feel you have something to offer.

Margaret Harrington, Phylis Crosby, Ester Roberts, Nancy Fessenden, Ellen shea, Doug Campbell, and John Wiswell.

Respectfully submitted,
John Wiswell
Co-Chairman

1982 FIRE DEPARTMENT REPORT

The Department took delivery of the new Engine 2 in January of this year. This new engine will provide us with the necessary equipment to maintain a higher degree of fire protection than in the past. This engine has several features that will provide greater safety for the firefighters, one is the canopy cab that will allow the men to ride to emergencies sitting down rather than standing on the rear step. Another is the top mount pump panel that will permit the pump operator to see completely around the engine and keep him safely out of the way of fire-ground operations.

The old Engine 2 was sold to Redstone, N.H. Fire Department, a small community that will make good use of this engine's remaining years.

The Department lost a valuable member this year when Bob Granacki moved out of town, Bob was always ready to close the store when the alarm sounded during the day. His dedication assured that at least one trained member would answer an emergency. His leaving highlights our constant need for trained firefighters. We welcome anyone who would care to join with us in providing this service to our Town. Unless we are able to maintain sufficient numbers of trained volunteers, the Town will have to consider more expensive alternatives. However, we feel that if we can increase our membership each year there will be no need to look elsewhere.

We have an unlimited number of billets open, so if you're interested, stop in any Monday evening at 7:00 PM.

The Red phone is now being answered by the Rye Fire Station as well as the three Red phones in Town. This will provide the town with greater assurance that the phones will be answered by trained emergency personnel 24 hours a day. The number is still 436-2515 and phone stickers are available at the Fire Station.

Fire Chief

ANNUAL REPORT NEW CASTLE PLANNING BOARD

The New Castle Planning Board has completed a very stable year. The Board members themselves have remained the same. This has been reflected in the ability of the Board to complete its work in an efficient manner.

The Board held a public hearing requested by Pacific Park Corp. (Wentworth Hotel) to change their plans for hotel construction. Basically the hotel size - room numbers - was increased and thereby decreasing the number of residential units. The Board approved the request for these changes. I believe the Board feels they have properly represented the Town in this matter insuring all zoning issues were properly met, plus proper consideration to drainage, parking, and land use by Pacific Park Corp.

The Board feels their primary duty is to adopt the general wishes and desires of the residents. We solicit any input from the residents and openly invite any New Castle resident to our monthly meeting, the second Wednesday of each month.

Respectfully submitted,
New Castle Planning Board
Tom Lambert, Chairman

BOARD OF ADJUSTMENT REPORT

It was a busy year for us with ten Public Hearings being held requesting variances. Seven of which were granted, two were granted with conditions and one was withdrawn.

This is a good time to explain the procedure required for a Board of Adjustment hearing:

1. You must apply for a Building Permit.
2. The Building Inspector must turn your request down in writing, explaining fully the reasons.
3. Then you apply to the Board of Adjustment.

Applications for both building permits and for the Board of Adjustment are available at the Town Hall.

I would like to take this opportunity to thank the Board members for their cooperation in making my job a pleasure.

Clinton H. Springer, Chairman
Board of Adjustment

BUILDING OFFICIAL'S REPORT

The Building Official issued one (1) permit for a new home during 1982. In addition, twenty-four (24) permits were issued for various additions, remodeling and for the installation of gas appliances.

A reminder to the Townspeople who may have a need for a building permit. The applicant should see the Town Administrator at the Town Hall and fill out an application for a building permit and leave supporting documents such as architect plans, sewer permits, plot plans, etc. with her. If the applicant should need a variance from the Board of Adjustment, that form can also be filled out at that time.

If any assistance can be provided by the Building Official on any relative matters, please feel free to phone me at home.

Respectfully submitted,
Charles A. Petlick
Building Official

ROAD AGENT REPORT

The past year saw several small projects completed; the installation of a catch basin and drain on Walton Road which will stop a great icing problem, roads were patched, catch basins at the Common cleaned and repaired, and the walkway to Cod Rock at the end of the Common is being repaired. The winter storms over the past years have eroded the inboard side to a point of being unsafe.

With an unusually mild winter we only used 1 load of sand for town roads. I would like to thank everyone for being patient with us, although we only had three snow storms, it took longer than normal to get people plowed out because of the depth and drifting.

As in the past, in case of emergency during snowstorms; contact the Police Dept. and they will locate us or come to assist you themselves.

Respectfully submitted,
Richard Tabbutt, Road Agent

PUBLIC WORKS COMMISSION REPORT SEWER AND WATER

Our total budget is \$72,000, about evenly divided between water and sewer. Forty-two percent (42%) is paid to Portsmouth for water and sewer treatment.

1982 was a year with no major repairs or replacement projects, as we had exhausted our reserves for the 1981 Oliver Street/Cape Road project.

A complete mapping and shut-off locating study of the water system was performed under Commission member Dick Toomey in order to upgrade our records and assist in future maintenance.

The Fire Department contracted with the Public Works to maintain our hydrants and conduct line flushing.

We plan to replace the Riverview Road water line in 1983.

The major expense and effort still goes to the three (3) sewer lift stations. We contract with Richard Tabbutt for daily monitoring and minor repairs. Other repairs are performed by commission members or outside service organizations. While we have been able to hold down rates, we foresee the need to build financial reserves for future major repairs or replacements. To date we have used all income for current operations without consideration for depreciation of the utilities and eventual replacement.

With the excellent cooperation from the City of Portsmouth, plus the efforts of Dick Tabbutt and John LaRose, and commission members, we have been able to maintain good services at reasonable costs. The cooperation of the citizens has been extremely helpful.

Respectfully submitted,
Edward Stringham, Chairman

NEW CASTLE TOWN HISTORIAN 1982 ANNUAL REPORT

We have completed the inventory and the indexing of the records of the town, and the many historical items and photos entrusted to our care. We will continue to file and index contemporary records as they are developed. Requests for genealogical information continue unabated. We are collecting and indexing newspaper articles about the town. These are, of course, contemporary records which should be preserved.

We have received several gifts of New Castle photos and books of family genealogy, plus a fine enlarged photo of a copy of a 1699 map of "Great Island". With proceeds from the reprint of Albee's History a fine display case has been installed in the entrance hall of the Town Hall. Displays of items of historical interest will be changed periodically.

An exhibition at the Library of old photographs from the archives and private collections attracted a good deal of interest. In fact, now that we have a fully fireproof, and humidity and temperature controlled vault, we hope that many more people will present old photos, letters, diaries, scrapbooks, etc. to the Town. Eventually, when a new history of New Castle is written, such records will be a valuable resource.

The town records plus the many volumes of copies of deeds and scrapbooks in the Meloon Collection are available for inspection the first Monday morning of each month and at other times by appointment with members of the Archives and Records Committee.

Respectfully submitted,
Janet Macomber, Town Historian

TRUSTEES OF CEMETERY REPORT FOR 1982

The past year the cost of maintaining the cemetery grounds has increased along with other services as required by us all. Serious consideration should be given to the erosion caused by wave action that is slowly but surely taking its toll along the river front. Rip-rap of a sort, determined by those with experience with such projects, should be sought and money appropriated to preserve and enhance that area and prevent very serious damage.

Trees with good root systems should be considered along the river bank along with the rip-rap. Evergreen trees of a suitable variety should be considered to replace some of the many dead elms that have had to be removed in the past years. This will cut down on the cost of raking and will allow the fine upkeep provided over the past years to be continued, in spite of the falling interest rates.

Undoubtedly, the rip-rap project will require considerable more funds than are currently available for any project. We seriously request the townspeople consider appropriating a sum of money each year to go with what may be currently available for this project.

We wish to thank all those who have helped us in any way to continue the good looks of our cemetery.

For the Trustees of the Cemetery,
Richard Groton, Chairman
Ivory Kimball
Carlo Alessi

ANIMAL CONTROL OFFICER'S REPORT

I would like at this time to remind Town residents that all dogs three (3) months or older must be registered on or before April 30th RSA 466:1 and must present at time of licensing a valid rabies certificate, RSA 466:1a.

Failure to do so will result in a fine issued to the owner for an unlicensed dog.

Another problem which seems to be prevalent in town are dogs running at large. The Town Ordinance reads "It shall be unlawful for the owner or keeper of a dog to permit a dog so owned or kept to run at large without being controlled by a leash, except upon his own property under the direct control of his owner or keeper."

This means if you are walking your dog you must have him on a leash, please heed this, it will save you a fine and the aggravation associated with it.

In 1982, 141 dogs were licensed in the Town of New Castle. Twenty (20) fines were issued, four (4) summons to Portsmouth District Court, five (5) letters of complaint, and numerous verbal complaints were received. In addition, two (2) felines and three (3) dogs were euthanized.

Many times we receive a complaint of dogs running loose, but when we arrive the animal has gone. If you can safely detain the animal, call the Police Dept. and we will respond and pick up the animal.

Respectfully submitted,
Edmond R. Souriolle

MOSQUITO CONTROL BOARD REPORT

1982 was the fifth year of mosquito control under the close scrutiny and supervision of the State of New Hampshire. During this period the State has stressed the safe use of insecticides.

Because of the flying habits of mosquitos, the adjoining communities must cooperate for effective local and area control. The State assists by organizing and holding annual seminars. Here the communities present their operations for information and discussion with their neighbors. I am particularly interested in the detailed work of Rye and Portsmouth.

The New Castle mosquito control is unique because the breeding areas are confined to small depressions and puddles that come and go with rain and tide. Our control is also unique because the spraying of insecticide in the atmosphere is relatively ineffective where winds are frequent and prevailing. We, therefore, control by larviciding, that is control of the insect before it flies. We larvicide about 50 or more different wet areas each year. They are located in the areas of Lavenger Creek, Pit Lane, River Road, and Wild Rose Lane.

Thirty surveys were made; larviciding was done on 16 of these days. Abate 4E is the chemical used. Less than one ounce of this insecticide was used by targeting its use. Our spray equipment is a two-gallon, garden variety, hand-operated unit. The cost of mosquito control for 1982 was \$472.50, primarily for labor in survey and larviciding. the cost of the insecticide is negligible.

Raymond Burzynski
